Ex-Officer On Navy Mission Strangled In New York Hotel

New York, Feb. 26 (AP)-A 13for a suspect in the strange and baffling Chinese torture knot slaying of a former navy officer in a mid-Manhattan hotel.

The victim, Harvey Haeberle, a civilian employe of the Navy's Photographic Division, was found strangled in his ransacked hotel room early yesterday.

Clad only in shorts, the victim's

hands were tied by strips of bed clothing which were also fastened to his throat. The fiendish de-vice was arranged to choke Haeberle to death as he struggled to

Police said a man was seen entering the victim's room shortly The pattern for the minority parties will be to purge their ranks before 11 p. m. Tuesday. RUSSIAN CHAIN

London, Feb. 26 (P)-Diplomatic today that Finland may be the the squeeze as Communist power strides steadily westward.

COUP CONDEMNED

Washington, Feb. 26 (AP)-The United States, Britain and France today jointly condemned as a "disguised dictatorship" of Communists the new government set up in Czechoslovakia.

Others thought Austria, France and Italy might be clamped in the Communist vise. There seemed to be general agreement that the Communist coup in Czechoslovakia had forged perhaps the most vital link in a Russian chain in-

ended to block the Marshall Plan. In Finland and Italy, as in zechoslovakia, elections are comng up soon and the Communists want to win them. Finland, like Whether to ration grain to whisky Cechoslovakia, is ruled by a coalion government. Finland's government has acknowledged that er become law. the country must remain on the

best of terms with Russia. Pressure On In France Italy and France have barred Communists from their cabinets and the best efforts of the Leftists that a "critical shortage" of grain thus far by hard-hitting, paralyzing strikes, have failed to budge

Taft predicted in Detroit that the St. Lawrence seaway and power project will Americans understand the benefits that would accrue, they will gather together the forces necessary to defeat the selfish interests that have consistently blocked development of the inland waterway.

Teachers On Strike

Education."

The dispute arose when the Minneapolis their talents. school board voted to chop two weeks off the school year in June and another two fully protested this decision because it better investment? would deprive school children of 10% of their school year and teachers 10% of their fered to recommend that the board rescind the early closing order, which unteachers went on strike anyway, not for the straight? retention of the full school year but for sizable increases in salaries.

In view of the fact that the teachers' original protest was based upon a claim that the education of the children would be hampered by a reduction in the school year, it is difficult to comprehend why this off their jobs for an indefinite period of fime. They, too, are depriving the children of their right to a full school year.

As a result of the strike, in which coring dominates the teaching profession, it is no wonder that the schools are in so many difficulties these days.

Green Spots Indicate Plant Life On Mars

Davis, Tex., (A)-The green spots on Mars may be some lower form of plant life. But they are not plants like the

earth's trees and grass. Astronomers at McDonald Observatory failed to give a flat answer to the intrigueing question of whether there is life on Mars but Dr. Gerard P. Kuiper, director of the observatory listed several known factors for and against the possibility.

1. There is some water. The temperatures are not too

Against: So far, it appears the deadly ultra violet rays of the sun would kill any form of plant growth. He said he hoped by March 1, he could be more definite on some phases of the immediate study

which started in October and which is now one-half complete. The observations have been aided by use of a new infra-red spectrometer which was not available until the end of the war. The conclusion that the green

spots are neither seed plants nor erns-the two highest forms of plant life-was reached by comparing infra-red photographs of such earth plants with those of the verdant areas of Mars, Dr. Kuiper explained.

The discovery made this week at McDonald that there is practically no sulphur dioxide in the atmosphere of Mars was listed as a factor against the possibility of

Dr. Kuiper explained that the deadly ultra violet rays of the sun are filtered out on the earth by ozone. But Mars has no ozone. Sulphur dioxide could act as a similar filter but Mars has none. "It would have been nice if we had found it but we didn't," he

istration pays the tuition.

caps on Mars indicate thus far McDonald Observatory, Fort that they are water and not dry ice. Dr. Kuiper emphasized that

was a conditional statement. "The matter is important because some quantity of water must be present to permit plant growth," Dr. Kuiper said.

Another factor favoring a primitive form of plant life on Mars is the knowledge that temperatures, while "desperately cold," are not prohibitive to such life. The Mars studies will continue

at top peak for the next two weeks. Mars came within 63,000,-000 miles of the earth last night That was the closest it will be for another two years. In 1956 it will swing within 30,000,000 miles.

Dr. Kuiper earlier had said he hoped for the final answer to the question of life on Mars might be reached immediately. He told newsmen and University of Texas officials there was such a mass of data to be considered that "in must be properly worked out."

He operated the 82-inch telescope, weighing approximately 60 tons, with fingertip controls, giving visitors closeups of the moon and Saturn, complete with rings. The McDonald Observatory is owned by the University of Texas and staffed by the University of

In a 70 year life a resident of Kansas has about one chance in 5,000 of being killed by a tornado.

Thousands of years are needed to make the thin layer of topsoil from which plants get their food.

Boy, 17, Confesses To Fatal Beating Of His Friend, 13

Colorado Springs, Colo., (A)-A 17 year old boy has orally admitted the sex killing of James Fox, 13, and told of writing a ransom note to the dead boy's father, Police Chief I. B. Bruce said.

Bruce identified the bespectacled youth as Alvin Lee Bundy. He told Bruce, the chief reported, that he beat the younger boy to death with a hammer after he refused Bundy's command to remove his clothing in a lonely ravine near the Garden of the Gods.

Fox's bady was found late yesterday where Bundy directed police to find it, the police chief said. The boy's head was crushed and his body was nude and covered with new fallen snow.

The police chief said Bundy admitted orally that "I killed him," and said he wrote a note to the Fox boy's father, Eugene Fox, demanding \$2,000.

A note found on a coal shed door at the Fox home read in

"If you doublecross us in any way, will put seven .45 slugs in his head." The note was signed "the Devil."

Police Capt. Hugh Higgins said young Fox apparently was beaten

Young Fox disappeared Sunday night. Bruce said Bundy was held following questioning of several of Fox's chums. Bruce said that no charges had been placed against Bundy.

Wood 4-H Club Sends Seed To Aid Of Europe

The Wood Community 4-H Club has joined with other Michgan 4-H Clubs in an effort to rovide seeds to European people. The 4-H Clubs of Michigan are cooperating with the American Seed Trade Association in making hese seeds available to needy

A seed assortment costing \$3.95 consists of 24 varieties and is Fellowship-The Junior Youth capable of producing up to five tons of vegetables. Varieties are church will hold a party on Fri- chosen to suit the climate to which they are being sent.

Seed assortments may be sent to any of 23 European countries and may be assigned to any

known individuals, Church World Service Inc., or War Relief Services. The Woods 4-H Club has chosen to have its packet sent to Mr. Pemberton, Rockdale Lanes,

The Wood 4-H Club led by Mrs. Clayton Wood, and Mrs. Evelyn Miller, has 14 members. Officers of the club are: Gail Letson, president; Gordon Smith, vice president; and Marilyn Schnurer secretary-treasurer.

When excited, or in pain, the nippopotamus actually sweats

ICY HIGHWAYS RETARD TRAVEL

Mishaps Markedly Few In Spite Of Serious **Driving Hazard**

One minor mishap on U.S. Highway No. 2 Tuesday is the only mishap of any sort reported by city or state police in the current two days of icy roads.

Rain, followed by freezing weather made roads and sidewalks sheets of glare ice and metoring and walking was made extremely precarious. Many motor trips requiring travel at a distance had to be cancelled.

The mishap referred to concerned a collision between a county truck and a car driven by William Watts, of Gould City. It happened near Blaney Park when the Wilson car swerved into the path of the truck. No serious damage was done to either vehi-

Every Community In County Has 4-H Activity

Members of 4-H Clubs in Schoolcraft county are joining the will sing, "Little Towns" other clubs of the state and na- Wraggs. The public is invited to tion in observing National 4-H | the unique service. Club Week. Dates for the week have been set from March 1-7.

The theme of the 1948 4-H Week is: "Creating better homes today for a more responsible citizenship tomorrow." During the observance, 4-H members will be given the opportunity to inventory their 4-H activities to date as a "check up," on their own efforts in carrying out any 4-H programs already started, Parents will be invited to get acquainted with the work of 4-H members in the community.

In Schoolcraft county, there are 4-H Club activities in every community. Project work in the winter club program consist of sew handicraft, electrical, tractor pital Saturday. The baby weighed maintenance, dairy and conserva- 81/4 pounds at birth.

ESCANABA DAILY PRESS "It Seems To Me"

BY JIM WARD -

Cuff notes scratched at the C-C football dinner at St. Joseph' Tuesday night: Typical of the gibes "Biggie" Munn and Forest Evashevski poked at each other during their show here were these-

Evashevski speaking: "Biggie was happy when he passed from the fourth grade into the fifth grade. In fact, he was so nervous and excited, he could hardly shave."

Munn speaking, later: "You know, when we landed at the Hono-

lulu airport, Hawaiian girls in native costume greeted us as we got off the plane by putting orchid leis around our necks and giving us each a kiss. Do you know—that darn Evashevski got off and on that

Very natural and unaffected, Evashevski was a big hit. Munn was impressive as the capable head coach. He coached the Spartans to seven triumphs and two defeats in his first season at MSC. In 16 years of coaching, "Biggie" has a .785 average.

Evashevski proved he was plenty quick on the draw when Father Ambrose, long after Forest's Polski hall story, asked how the mayor of Hamtramck could eat so many banquets without teeth while waiting for the set of women's teeth that enabled him to talk for three hours and 15 minutes.

Quick, like a flash, Evashevski said from the other end of the room, where he was rigging up the screen and projector: "He was

Was that pink we detected on the tips of Dick Schram's ears when Munn told his story about the football game between Heaven and Hell? It could be!

"So, St. Peter told the Devil, we're going to win this game because we have all the all-Americans." Munn's story went.

"Oh, no-we're going to win," the Devil retorted. "You see, we

It was at that point, precisely, that the handsome Schram's ears took on a rosey hue. At least, so it appeared from our vantage point behind Eldon "Cappy" Keil, Gladstone coach. We hold the dubious honor of being the only one seated at the speaker's table who was not introduced. We were the fellow at the extreme south end-the one with the black eye. Maybe that's why!

We enjoyed very much talking with Keil during the dinner, and it was evident later that Munn and Evashevski had plenty of respect for Keil's 24 years in the coaching game.

Both MSC mentors commented that the audience, players and businessmen alike, was one of the most, if not the most, appreciative before which they had appeared on the MSC "chatauqua"

"The toughest part of bigtime coaching," Munn declared, "is

NWM Leader Battles Rainbow Loop Pacesetter Here Friday

HARDWARE FIVE TIPS MERCHANTS

Ranguette Rings Up 34 Points In One-Sided 73-49 Triumph

Manistique, Feb. 26—It was a fine occasion. The band was out the Manistique city band, that s! And the place was jammed with Manistique Merchant basketball fans. But those Hardwares from Escanaba took the edge off somewhat by posting a one-sided 73-49 triumph over the highly regarded Merchants.

Bob Ranguette, Hardware center star, had an injured knee, but he managed to hobble about enough to score 34 points on 17 field goals for high scoring honors. Dick Berger, Manistique ace, had a rugged time of it the first half, being held to five free throws by Tom Dufour, but he cracked loose in the last half to chalk up eight buckets and another gratis heave to boost his tally to 22

The Hardwares held a 33-15 halftime lead. They pushed it to 51-27 going into the fourth quarter, where the Merchants held them off with a 22-point each tally. It was a hot finale for both quintets.

Bob Dufour and Bob Anderson scored 13 and 12 points, respectively, for the Hardwares, and Noe was second high scorer for the Merchants with 11 counters.

The Hardwares will journey to Vulcan tonight to play an NWM loop tilt. They need three more victories to clinch the league championship and two more to assure at least a tie.

The top team of the Northern Wisconsin-Michigan league meets Leafs Beat Boston the leader of the Rainbow loop at the William Bonifas gym here at 9:15 Friday night when Harry's Sinclair Service of Munising tangles with the local Hardwares. Mike's Bar faces the Gladstone Lions in the preliminary at 8.

Harry's is currently in first place in the Rainbow league with a record of 11 wins and 2 losses. The only defeats suffered in league competition were to Republic and Ishpeming. Negaunee's Beau Chateaus was the only other quintet to beat them this season. Incidentally, Harry's is undeeated on its home floor. The Oilers are a high-scoring group, averaging

over 55 points a game. The visitors will be led by Harold "Babe" Anderson of Northern Michigan College of Education fame. Their high scorer is Joe Rousseau, shifty forward, who pairs with Romeo Perron, another capable front court man. Wayne Johnson and Bob Derlest hold down the guard spots and Anderson, of course, operates in the pivot position. Louis Pangborn, Henry Brey, and Louis Gamelin provide relief for the forwards and Charles Mazzili and Orby Fryer spare off the guards. All these boys see plenty of action and they hit the scoring column most of the

Manager Arnold "Dopey" Johnson of the Hardware cagers plans to start Roy Johnson and Ed Gau- Escanaba Bowlers thier at forwards, Bob Ranguette at center, and Tom Dufour and Bobby Anderson at guards. Also certain to play a good share of the time will be George Anderson, Bob Dufour and Don Scott.

Phil Brazeau and Frank Hartman will officiate.

To Take Lead Over Idle Detroit Wings

(By The Associated Press) Toronto's Maple Leafs forged out ahead again today in the National Hockey league

The Leafs took sole possession of the lead by downing Boston last night, 4 to 2, while the Detroit Red Wings, who had shared first place, were idle.

Meanwhile, Chicago overcame a four-goal scoring spree by Don Raleigh of New York to whip the

A full-fledged fight enlivened the proceedings at Toronto. Late in the second period Murray Henderson of Boston and Bill Ezinicki of Tononto jostled each other and then drifted to the corner and started mixing it up. The two teams jammed around. Then Gus Martin began throwing punches quickly. All four were sent off for unnecessary roughness. During their stay in the penalty box, they were joined by two other Leafs and one Bruin.

No games are scheduled tonight.

Reminded to Turn In U. P. Entries

Escanaba bowlers are reminded by Gene Longtine, manager of the U. P. Bowling association 1948 tournament, to get their entries in as soon as possible. The choice Saturday and Sunday dates are almost filled up.

"More than 100 teams already have entered," Longtine said. "Iron Mountain, Ironwood and the 1949 tournament. The 1943 tournament will be held in Mar-

Gives Up \$30,000 Job To Become A Teacher

BY MARC J. PARSONS New York, (NEA)-Arthur L. Thexton gave up a \$30,000 a year job in the hope that some day he may be qualified to teach.

In doing so, he'll be fulfilling a hfe-long ambition. Until now he couldn't afford it.

Thexton isn't even sure he'll be able to find a job when he gets the master's degree at Columbia University, but he is sure what he wants to teach-"American government at the state and local level." He already feels he has all the practical experience he

Besides being executive vice-president of a Cincinnati manufacturing company, Thexton was one of the hardest workers in Cincinnati's Charter party, a reform movement that cleaned up the city in 1925 and has kept it clean ever since, either as the party in power or the "watchful minority." The Charter party learned its politics at the doorbell-pushing level, getting out the vote to support its reforms.

"Democracy will fail or succeed in the end at the local level of its politics," Thexton says. "No national party is stronger than its lecal parts.'

Working for the Charter party, Thexton found that an astonishing number of young people are anxious to do something about good government but don't know what to do.

"If they knew more of the practical side of politics when they graduate from college they'd take a more active part," Thexton de-

Thinking of this he began seriously to consider retiring to teach government in some college. At 46, he is financially able to devote himself to whatever he wants.

"And it's amazing how many businessmen have come to me, since I decided, to tell me: 'Gee, that's what I'd like to do.' But they don't do it.

After Thexton gets his master of political science degree he'll start looking for his teaching job. Salary won't be important, but even so, he says, "I'm not kidding myself that it will be easy to find a job like I want, to teach

what I want." Wherever he gets that job, Thexton hopes the faculty won't prevent him from getting into local politics. He'd also like to see college students throughout the country take an active part in politics in their college and uni-

versity towns. "Many of them today are of voting age, and eligible to vote in their university towns. Some of them, going back to school from military service, will be living in those towns for four years. But they never stop to think that
